

# EARTHSHINE

THE COTTON FACTORY  
OCTOBER 21, 2021, 7:30PM

HAMILTON  
PHILHARMONIC  
ORCHESTRA

Eugene Astapov, *Conductor*  
Andrew O'Connor, *Visual Artist*

Works that revel in the wonder of our earth and the universe are accompanied by vivid video installations created by Hamiltonian artist Andrew O'Connor.

The HPO strings explore light and shadow in Jeffrey Ryan's *Earthshine* and shifting colours in Jessie Montgomery's *Starburst*. Andrew Clark's *Heliacal Rising* depicts rising over the horizon, while Roydon Tse's *Down the Rabbit Hole* captures the sensation of falling.

James O'Callaghan's *The Earth, Split Open* imitates quaking and eruption through string gestures. The ethereal sounds of Palej's *Rorate Coeli* close this concert.
